Summary

Junior Angular Developer with hands-on experience building responsive, production-ready web applications using Angular and TypeScript. Skilled in component-based architecture, RESTful API integration, reusable UI component design, single-page application (SPA) development, and responsive web design. Completed a 6-month Front-End Development Internship at Route Academy, gaining practical training in Angular, JavaScript, TypeScript, Tailwind CSS, Bootstrap, HTML, and CSS. Motivated to contribute to production-grade Angular applications within an international software development team.

Technical Skills

- **Angular:** Angular, Component-Based Architecture, SPA Development, Reusable Components
- **Languages:** TypeScript, JavaScript (ES6+), HTML5, CSS3
- **Web Technologies:** REST APIs, HTTP, JSON, Responsive Web Design
- **UI & Styling:** Tailwind CSS, Bootstrap
- **Tools:** Git, GitHub, VS Code, Postman

Projects

E-Commerce Web Application *Angular, TypeScript* Live Demo

- Engineered a full-featured, responsive e-commerce platform using Angular and TypeScript, built on a scalable component-based architecture.
- Integrated RESTful APIs to manage core application data, including products, users, shopping carts, and orders.
- Delivered key functionality such as product browsing, category navigation, cart management, and secure authentication flows.
- Designed reusable Angular components and organized the codebase into modular, maintainable feature structures.
- Crafted a fully responsive UI with Tailwind CSS and prepared the application for production deployment.

Start-Framework01 *Angular, TypeScript* GitHub

- Developed a responsive Angular web application built on reusable components and a structured front-end architecture.
- Implemented fully responsive interfaces using Angular, TypeScript, HTML5, CSS3, and Tailwind CSS.

Mealify *HTML, CSS* Live Demo

- Built a responsive recipe discovery website using HTML5 and CSS3 with a clean, well-structured layout.
- Designed an intuitive, mobile-friendly user interface with smooth transitions and Font Awesome icons.
- Implemented fully responsive layouts using Flexbox and media queries to ensure a consistent experience across devices.

Daniels Portfolio Website *HTML, CSS, Bootstrap, JavaScript* GitHub

- Designed and developed a responsive portfolio website featuring a clean UI and well-structured content sections.
- Implemented responsive layouts and interactive UI elements using Bootstrap and JavaScript.

Training

Front-End Development Internship — Route Academy 6 Months

- Completed practical front-end development training covering HTML, CSS, Bootstrap, JavaScript, Tailwind CSS, and Angular.
- Applied component-based development and responsive design principles through hands-on, real-world projects.
- Gained practical experience working with REST APIs, Git/GitHub, and modern front-end development workflows.

Education

Higher Technological Institute 2023 – 2027
B.Sc. in Computer Science
